WELLNESS CHECKS & OBSOLESCENCE EVALUATION

Wellness Checks
It's tough keeping up with today's production demands and ensuring your packaging or manufacturing systems are in peak efficiency. Let Shuttleworth help take the load off with our Wellness Check program.

BENEFITS OF THE WELLNESS CHECK PREVENTATIVE MAINTENANCE PROGRAM
- Improve equipment and system reliability
- Reduction of unexpected breakdowns
- Decrease need for expensive unexpected replacement parts
- Extended system life
- No need to shutdown, Wellness Checks can be performed during production!

EACH WELLNESS CHECK, A SHUTTLEWORTH MECHATRONICS ENGINEER WILL BE ON-SITE TO:
- Complete inspection of system
- Checking for missing or damaged parts
- Verify Annual Maintenance was completed
- Document any needed repairs or adjustments

Annual & Semiannual Contracts Available

Obsolescence Evaluation
Shuttleworth can also perform an evaluation of your equipment to identify which system components are obsolete. Once out of date components are identified, a Shuttleworth Field Service Representative can update your conveyors and product handling systems to the latest technology offer by Shuttleworth to help ensure your Shuttleworth solution is operating at peak efficiency.
